

I have been a patient of Dr. Mullers for many years, treated for everything from post surgical swelling to joint and back pain.

While I have been to other chiropractors, no one is more rigorous in staying abreast of the latest developments in the field. She is constantly studying, reading, consulting and testing. You know when you are with her that she takes in the whole person within the latest concept of what is available for her patients. She updates her laser equipment, knowledge of protocols ~~updates~~^s, and tools. She never stops working on our behalf.
